## Technical Skills

### Languages:

JavaScript, TypeScript, Java, PHP, SQL, HTML, CSS

### Frameworks & Libraries:

React.js, React Native, Expo

### Databases:

SQL, NoSQL

### Tools & Platforms:

Git, GitHub, WordPress, VS Code, MySQL Workbench, IntelliJ

### Development Practices:

Responsive Design, Cross-Platform Optimization, Component-Based Architecture

---

## Projects

Web and mobile applications developed using React, React Native, HTML, CSS, and Typescript

### **Sunset Community App** | <https://sunset-community.netlify.app>

- Built a full-stack cross-platform app to manage staff and client requests at a simulated retirement community
- Developed using Typescript, React Native and Firebase
- Implemented CRUD for residents, lunch orders, lunch calendar, event calendar, staff updates and staff reports with RBAC

### **Craft Kit E-commerce App** | <https://craft-kit-ecommerce.netlify.app>

- Built a full-stack cross-platform app to manage e-commerce store to sell craft kits

- Developed using Typescript, React Native and Firebase
- Implemented structured Firebase documents for products, users, and orders

### **Stone Placement App | <https://trekking-stone-placement.netlify.app/>**

- Companion web and mobile app for a board game that randomizes stone placement
- Implemented shuffle logic and UI using React Native components

---

## **Experience**

### **Web Development Intern**

#### **THINC.Techology**

##### *Web & Mobile Application Development*

- Designed and developed web and mobile interfaces for WordPress-based websites
- Assisted with front-end customization using HTML, CSS, and JavaScript
- Collaborated with designers and developers to implement responsive layouts
- Supported mobile application design using React Native concepts
- Gained experience working in a professional development environment

---

## **Lead Cook**

### **Great Lakes Christian Homes**

- Supervised and coordinated a four-person team in a fast-paced environment
- Created digital forms and documentation to improve organization and workflow efficiency
- Demonstrated strong problem-solving, time management, and leadership skills
- Collaborated with staff across departments, strengthening communication and teamwork

---

## **Leadership Experience**

## **President**

### **Information Technology Student Alliance (ITSA)**

- Led a registered student organization connecting students with faculty and local business leaders
- Coordinated meetings, events, and collaborations focused on technology and career development
- Represented the organization in professional and academic settings

---

## **Education**

**Lansing Community College** — Lansing, MI

**Computer Programming / Analyst**

**Central Michigan University** — Mount Pleasant, MI

**Bachelor of Science in Anthropology**
